Design jeres eget løfte... Jeres kærlighed ligner ingen andres. Og jeres ringe skal også være helt jeres egne. Blank overflade eller mat med struktur? Rødguld eller hvidguld? En perlerække af brillanter? På [lovedsign.dk](http://lovedsign.dk) kan I designe jeres egne ringe. Gå herefter en tur til guldsmeden med et print, se en model – og når I har givet jeres endelige ja til designet, bestilles ringene hjem. Hør mere hos din guldsmed, hvor du kan få faglig hjælp og gode råd. Ringe skabt med hjertet. Til hjertet.
